

ESBEN L. D. CHRISTENSEN

Redacted

PROFILE

A disciplined and curiosity driven software developer with a Bachelor's degree in Software Development. I work confidently with complex systems, approaching each challenge with a balance of analytical structure and practical problem-solving.

I'm motivated by understanding how things work at a fundamental level and by building solutions that are both robust simple, and elegant. I thrive under pressure, communicate clearly, and bring a strong sense of responsibility to my work.
